BORING BARS

MICRO

ROUGHING

For more than two decades, **Life** is offering you precision machine tool accessories for your valuable conventional, CNC Turning Centres, Machining Centres, Grinding, Milling and drilling machines. Our major strength lies in our team of dedicated engineers striving hard to achieve the highest results through research and development. We are well equipped with latest autocad designing system, high precision machines, latest measuring and gauging systems and metallurgy monitoring facilities.

OUR MISSION :-

Customer satisfaction through excellence in technology and services.
