KEY FEATURES

- VERTEX VMC Trolley guarantees the safe transportation tools. They require little storage space, shorten distances in the storage area and reduce issuing time and setting - up costs.
- Increased production due to rapid and safe handling of tools.
- Pre-set tools can be easily moved by means of a VERTEX VMC tool transporter from the tools store to VMC machine, from there to the inspection area for re-sharpening and calibration and then back to the tool store.
- Made from Prime Quality Steel.
- Powder coated with 7 Tank Pre treatment Process with choice of 4 attractive colors.
